

Resources for Los Angeles

Gallery Climate Coalition (GCC) is an international community of arts organisations working to reduce our sector's environmental impacts. GCC's primary goal is to facilitate a reduction of the global sector's CO₂e emissions by a minimum of 50% by 2030, as well as promoting zero waste.

Visit our website to explore our best practice guidelines, Decarbonisation Action Plan and more local resources created by the GCC Los Angeles International Chapter Volunteers.

Recycling, Landfill Diversion & Reused Materials

BARDER.ART | A peer-to-peer resource sharing tool for the arts, where users can sell, trade, lend, or donate unused items.

ECOSET | An environmental production resource based in Atwater Village for creative industries that recirculates production and event materials back into the community.

HABITAT FOR HUMANITY | An NPO that accepts a wide range of appliances, furniture, building materials and more.

KIMBERLY CLARK RIGHTCYCLE | A recycling program for PPE and nitrile gloves.

RECYCLED MOVIE SETS | Provides rentals and diversion for movie set materials such as walls & props (based in Downtown LA).

RIDWELL | Offers recycling programs for hard-to-recycle materials such as sheet plastic, batteries, light bulbs, and more.

TERRACYCLE | Provides recycling options for hard-to-recycle materials like nitrile gloves.

Measuring Tools

GCC CARBON CALCULATOR | Estimates the carbon footprint of art sector businesses, providing a quick breakdown of the main sources of greenhouse gas emissions.

EPA EQUIVALENCY CALCULATOR | Helps users to contextualize emissions and energy data into easy-to-understand comparisons.

Packing Materials and Crates

ECOENCLOSE | Offers a wide range of sustainable packing materials; has rigorous standards for vetting materials with their Sustainable Packaging Framework.

ROKBOX & TURTLEBOX | Offer reusable crates for rent or purchase; providers include Dietl, Gander & White and Masterpiece International.

ATELIER 4 ISLAND OF MISFIT CRATES | Source crates in A4's crate bank that can be retrofitted for re-use.

Framing

PARADISE FRAMING | This rental program uses preservation grade frames with inert interiors, UV filtering acrylic, and cotton rag matboards to frame works on paper at a cost savings of 30% or more compared to custom framing.

Printed Materials

INDIE PRINTING | An eco-friendly boutique print shop that offers same or next-day turnaround jobs and provides recycled and biodegradable products (based in Downtown LA)
